VICTIM RESCUE HARNESS

VICTIM RESCUE  
HARNESS  
PATIENT

POSEIDON NZ: Leaders in Land, Aviation,  
and Maritime Safety and Survival Solutions

Distributed by **PRO FLIGHT GEAR**  
AVIATION LIFE SUPPORT EQUIPMENT

## STANDOUT PERFORMANCE

- Easy to fit, one size fits all that comfortably secures the victim within the harness
- Weighs just under 6 lbs (2.7 kg)

## FEATURES

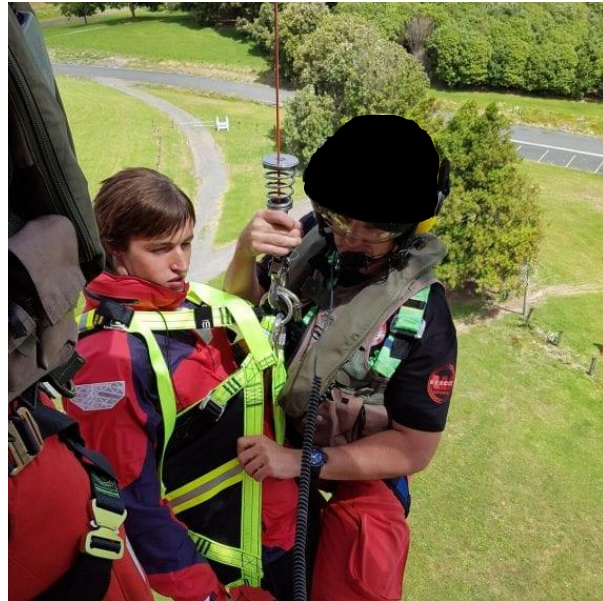

- Lifting/Fall Arrest Point at top, rear of harness, ensures interfere free attachment and impedance free when wearing a flight helmet.
- Victim Harness design also ensures a head down position is highly unlikely and in any event a head down position does occur, the victim remains securely located within the harness
- The Shoulder Strap design also ensures that in the event of any spin, the straps remain located over the shoulders
- Ideally located attachment/ lifting point at front of harness, which ensures the correct angle when suspended
- Sit/Recline (Super Nappy Type) angle design
- Natural reclined comfort position
- Low cut neck scallop in Harness, to ensure no pressure is place at the base of the skull by the harness
- When fitting correctly, impossible to fall out of

## TESTING

- ANZS1891.1
- ATSO-C1003 (TSO-C167 equivalent)
- Webbing and Woven Material FR – FAR 25.853(b-2)

## CONSTRUCTION

- Nomex FR Webbing
- Woven Material FR
- Stainless Steel attachment Rings
- Crotch Strap with 3 action Stainless Steel Karabiner
- Stainless Steel non-corrosive Fittings
